 - iii. The customer fails to pay charges due;
 - iv. The customer is in breach of any other provision of these Terms and Conditions
 - v. The provision of service/s (or any of them) to the customer adversely affects the network or equipment of TTL or the provision of service/s to other customers or if any approvals/consents/ permits which are necessary for facilitating provision of the service/s to the customer are revoked, discontinued or suspended;
 - vi. If the customer is declared insolvent, bankrupt or is liquidated or dissolved;
 - vii. If a trustee or receiver is appointed to take over the assets of the customer;
 - viii. If the government or authority requires any of these Terms and Conditions to be revised in such a way as to cause significant adverse consequences to TTL;
- b) Termination/Disconnection/Suspension of the service/s pursuant to any provisions set forth herein shall be without prejudice to, and in addition to any light or remedy available to TTL under any applicable law or statute.
- c) In the event of the termination/disconnection/suspension of the service/s for any reason whatsoever, TTL shall be entitled to recover all outstanding charges (in case of prepaid customer "the equipment") and dues from the customer.
- d) Any reconnection of service/s shall be done at the sole discretion of TTL and upon payment of charges and fulfilment of other conditions as specified by TTL.
- e) Customer shall remain liable for the charges during the period of suspension of services.

viii. SEVERABILITY & JURISDICTION

In the event of any provision/s of these Terms and Conditions being held to be invalid, illegal or unenforceable by any court or other forum/statutory authority, such provision shall stand severed from the other provisions of these Terms and Conditions and shall be deemed to be expunged. The invalidity, illegality or unenforceability of such provision shall not in any manner affect or impair any other provisions of these Terms and Conditions and shall be thenceforth construed as if such invalid, illegal or unenforceable provisions were never contained herein. Any disputes, differences and legal proceedings arising or initiated in connection with these Terms and Conditions or with the provision of

service/s shall be subject to the exclusive jurisdiction of the court/s situated in the city/town in which the main Circle Office of TTL administering the customer's connection/s provided pursuant to the accompanying CAF, is situated.

xi) DISCONNECTION/TERMINATION

a) Postpaid Customers

- i. The Postpaid Customer can give a request for disconnection by either calling up 121, emailing the request, faxing the request or visiting any Tata Docomo office/outlet;
- ii. Once the disconnection request is registered, TTSL will process the same by first disabling the outgoing service and the rentals for the customer. This will be done within 7 days as per TRAI guidelines (subject to recovery/surrender of handset/CPE) of registering the request;
- iii. Total period for the customer to get the refund (if any) is 60 days from the cancellation request given;
- iv. Deposit refunds post cancellation are only applicable when:
 - The outstanding dues are lower than deposit
 - Customer is not in EMI scheme where the tenure is not yet complete
 - Any other equipment, if any, is retrieved
 - There are no multiple connections in one account and if there are, the deposit will be adjusted against the account.

6. Activation Process

- The customer visits the Point of Sale (POS) for getting a new connection.
- The POS agent describes the plan to the customer and takes customer's consent for its activation.
- The POS agent provides his biometric declaration, i.e.
 - "I hereby give my consent to UIDAI to provide my Aadhaar Number and biometric impressions for the e-KYC authentication to TTL."
- Post the successful authentication, the POS agent asks the customer for their Aadhaar card number and to provide the biometric with a declaration:
 - "I hereby give my consent to UIDAI to provide my Aadhaar Number and biometric impressions for the e-KYC authentication to TTL for a new connection in my name."
- System checks the number of connections running on the Aadhaar number given by the customer and the number of connections taken in a day.
- In case the customer is an outstation person, then he/she needs to give a local reference's (LR) details which must be verified by the POS Agent.
- After the re-verification of LR, the POS agent fills the details for LR and local address of the customer in the application and provides biometric declaration, i.e.
 - "I have televerified the local reference, i.e. Mr/Mrs/Ms <Name of Local Referee> on his/her telephone number <Local Referee Number> by my telephone number <POS Agent Telephone Number>."
 - "This biometric authentication can be treated as my signature."
- Details received from UIDAI are shown on the screen (in read only and un-editable mode) with masking of the photo, gender, DOB and full Aadhaar number.
- The POS agent requests the customer to select the mobile number (SUK) and provide the additional/mandatory information like father's name, number of connections with other operator, alternate number, email ID and permanent address.
- Post the additional details, an overlay eCAF is represented over the mobile application.
- The POS agent then provides the following declaration regarding the handing over of the new SIM to the customer.
 - "I have seen the customer and matched the customer with the customer's online Photograph received from UIDAI."
 - "I certify that the SIM (Subscriber Identification Module) has been handed over to the concerned customer only."
- The customer gives his/her biometric declaration on the following points:
 - "My biometric authentication can be treated as my signature."
 - "I have received the SIM card."
 - "I have read and understood the Terms & Condition, I accept the same."
- Post this, a request is submitted from the mobile app and then de-duping happens one more time with the number of connections running on the Aadhaar and the number of connections entered by the customer.
- If validation gets through, then a request gets submitted and an e-CAF number is shown to the customer over the application.
